Conflict Minerals

Basis

Regulation (EU) 2017/821 sets out supply chain due diligence obligations for Union importers of selected metals and minerals from conflict and high risk areas.

It is similar to the U.S. conflict minerals law, Article 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Of the substances listed under Article 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act and in Annex I of Regulation (EU) 2017/821, Afag Holding AG exclusively processes gold in electronics and tin in solders.

We hereby declare:

Afag Holding AG does not process any minerals or metals originating from conflict or high risk areas.

The gold we process comes from smelters that are on the current list of "Conformant Gold Refiners" of the Responsible Minerals Initiative.

The gold is 100% recycled or scrap gold.

Das Gold stammt zu 100% aus Recycling- oder Altgold.

A handwritten signature in blue ink, appearing to be 'Ilja Stöbe', written in a cursive style.
